"Technology is Art"

Who are we?

- Akropol was founded in 1995 in Turkey and by this year we are celebrating 18th year of active working in the field.
- As known; the fields where the information technologies are mostly being used are engineering and architecture fields.
- Our firm considers Engineering, Architecture and Computer fields are so much related with each other.
- Thus the foundation of the company bases on: producing new solutions by using computer technologies in the field of Engineering and Architecture.
- Overall aim of Akropol is, producing solutions for private and public bodies on the field of Engineering and Arcitecture.

Acdemic Relations

- Akropol that has strong relations with academics, getting consultancy from Scholars of Istanbul Technical University.
- Akropol that completed the R-D project in Istanbul Techninal University is going on the R-D activities in Eskisehir ATAP TechnoCity.
- Akropol has tax allowence for it's R-D projects, hence we are able to manage big projects with a relevant cost.

Business Relations

- Akropol is the vendor of; ERDAS Software, ESRI Products and TRIMBLE.
- Akropol is the only reseller of PICTRAN, and NEPTAN GPS in overall Turkey.
- Head Office of Akropol is in Istanbul.
- Also there is a branch office in Eskisehir that responsible for R&D Activities.
